NOTE: If none of those dates match your travelling dates, no worries, it is still possible to schedule courses as it suits you. Send us request and we will let you know about availability and depending on the other activities we have booked for the same time, we should be able to schedule a combo week for you with just a small extra cost.

If you are booking this package together with the hotel or one of our apartments, the check in day is the day prior the start, and the check out is the day after (for example, on a week running from 10 to 16, check in is on the 9th and check out is on 17th. Freediving training will be running from 10 to 16 – 7 days). If you wish to arrive earlier and/or leave later, it is not a problem to extend your hotel or apartment booking (but you need to let us know in advance!).
